

We are Pete & Laura Foster, owners and operators of Attention To Detail Home Inspections, a husband and wife duo based in the beautiful Lake Norman area of Mooresville, NC. Pete is a proud graduate of Virginia Military Institute and was a US Army Commissioned officer selected as Commander of Presidential Salute Guns Platoon serving President Ronald Reagan. Two of our sons serve our country in the United States Marine Corps.

Laura worked as a Sales & Marketing Executive with both National and Global responsibilities before opting to focus on volunteer work, for several years concentrating her efforts with Susan G Komen Breast Cancer Foundation.

We pride ourselves on taking our time and doing any job the right way and doing so at a fair price. We love being located in the Lake Norman area and enjoy working within our community and the surrounding areas.
